AUTUMN WINTER 25

the bonniemob

SAY HELLO TO CLUB MAGIQUE!

Our collection for Winter 25 is all about cozy vibes, circus fun, and celebrating the magic of being perfectly imperfect.

Chunky lambswool knits bring all the warmth and feel like a big, loving hug, Elephants take the spotlight in super soft jersey prints, while juggling apple jacquards and playful pandas add a fun twist to soft organic sweaters and layers. Trompe l'oeil patchwork knits steal the show, playing tricks on your eyes (the good kind) bringing clever details and a sense of fun that's hard to resist.

From cozy onesies for the tiniest members of the family to bold layers for big kids with big imaginations, this range is all about embracing creativity and individuality. Crafted using 100% organic and natural fibres, every piece feels like it's been made with love.

This winter, Magic isn't just an illusion,
it's something you can wear....
